

## MINING, BUSINESS AND STOCKS

LITTLE INTEREST  
IN MINING STOCKS

Today's Municipal Election Absorbed the Attention of Brokers and Only One Call Was Held.

## CON. MERCUR ADVANCED.

Daily Judge Remained Firm—No Sales Made on Open Board—Closing Sales and Quotations.

Just as was expected it would do, the municipal election today detracted interest from all of the Mining Stock Exchange. No open board session was held, but on the regular board 4,481 shares transferred for \$4,915.37.

Consolidated Mercur opened strong and closed higher. Daily Judge, offered at \$11.25, was taken. Butler-Liberal advanced to 16 cents, while Tetra remained practically unchanged. Star Consolidated closed weaker.

On account of the election no afternoon call was held.

The closing quotations and sales were posted as follows:

## TO OPERATE IN PRUSS.

Indian Queen Mining Company Organized for Beaver County.

The Indian Queen Mining company which filed its articles of incorporation yesterday, is the latest enterprise launched for Beaver county. Its capital stock is \$45,000, divided into 300,000 shares of a par value of 15 cents. The officers are: L. M. Morrison, president; E. E. Mark, vice president; J. M. Hansen, secretary and treasurer; who, with Charles Morrison and Kate Morrison, constitute the board of directors.

The Indian Queen ground was located in the seventies, by George Wenceslau and was known as the Mountain Queen. The property was leased and Dr. Wenceslau went to California, and while there, the leaser struck a body of rich carbonate and galena ore at the grass roots. They followed it down, taking out some \$80,000 worth of ore. A furnace was built at Wah Wah valley, and the ore was of such a nature that it was smelted without fluxes. The bullion was shipped out of the country by wagon a distance of 100 miles, to the nearest railroad station. All that remains of the old smelter, is the old slag dump. Dr. Wenceslau returned from California and trouble followed over the mine, and they even went as far as to build a stone fort, and remnants of it remain to this day. Dr. Wenceslau finally secured the mine, after several years of litigation, and lived there for several years. He took out ore and shipped it to the Goebel and Hampton smelters in Frisco. Not having the necessary capital to work the property properly, he managed to make a living from the proceeds of the ore shipped. When the smelters were abandoned, the doctor went to Beaver county to practice his profession, at which place he died, and the Morrison brothers, Lorin and Charles, became the owners of the property by location. The mine is situated in the Beaver Mining district, Beaver county, Utah, and adjoins the Blackbird mine and also the Newhouse property.

## SHERMAN GETS PATENT.

Process in Use at Two of Park City's Big Mines.

(Special to the "News.")

Washington, D. C., Nov. 3.—A patent for an ore smelting and classifying apparatus was today issued Frederick W. Sherman of Park City, Utah.

The Sherman process is in operation at the Daily-West and Daily-Judge mines at Park City.

It was through the efforts of Mr. Sherman that the problem of treating the ores of the two mines was successfully solved.

## CONCENTRATES.

The 10-cent assessment on Comstock became delinquent today.

On account of the election no metal quotations were received today.

Joseph Oberdorfer has returned from a business and pleasure trip to California.

M. F. Murray of the Gold Development company, expects to leave for Marysville tomorrow.

George H. Robinson, general manager of the Tintic company, returned from New York yesterday.

Major Caltrow, manager of the Columbia Copper company, of Birmingham, departed for Ohio yesterday.

The finishing touches are being put on the Keith-Kearns mill at Park city and the plant will be ready for commission in about two weeks.

The ore and bullion settlements yesterday were reported as follows: Crude ore and concentrates, \$25,000; base bullion, \$24,600; gold bars, \$1,500. Total, \$51,100.

H. L. J. Warren has written to friends in this city that he is now permanently located at Roswell, New Mexico, where he has engaged in the land investment business.

George Gunn, the local field man of the American Smelting & Refining company, has returned from Ohio, where he was summoned recently on account of the death of his mother.

President C. M. MacNeill, general manager of C. M. Jackling, Secretary Spencer Penrose and Director C. L. Tuttle, of the Utah Copper company, are scheduled to arrive from Colorado tomorrow.

Upon retiring from the position of secretary of the Silver King Mining company last Saturday, W. G. Lamb was the recipient of a check for \$500, as a token of the esteem in which he was held by the officers of the company. John M. Main, formerly chief clerk, was promoted to the position vacated by Mr. Lamb.

The old Winnemucca concentrator property at Bingham has been leased by the new owners of the Columbia copper mine and the building is to be equipped with all the latest improved machinery and the expectations are that the remodelled plant will be ready for commission by the end of the year. The acquisition of the Winnemucca will probably do away with the necessity of building an entirely new plant in the near future.

## GARDNER DAILY STORE NEWS.

## GOOD SUITS FOR \$12.

If you want a suit for every day business wear

Here's one that will certainly please you.

It's a winter-weight Cassimere in brownish gray mixture.

The coat is single breasted, round-cant style,

Lined with good quality Farmer's satin, in brown shade to match goods.

The shoulders are well shaped and padded

Coat front is stiffened with hair cloth, giving it permanent shape.

Vest and pants are both well shaped and well made.

This suit is truly one of the best values in this store and would cost at least \$15.00 in most places.

But if it should not please you there are others here that will, \$5.00 to \$35.00.

ONE PRICE J. P. GARDNER, 136-138 MAIN ST. ORDERS BY MAIL PROMPTLY FILLED.

EXAMINATION OF  
THE UNITED STATES

John Hays Hammond Did Not Leave With American Smelter Officials On Sunday Night.

## CONSULTATION WITH EXPERTS.

A. Chester Beatty Called In—Closeted With Heads of U. S. Smelting Department Yesterday Afternoon.

It developed during yesterday that John Hays Hammond, who accompanied the American Smelting & Refining company officials to this city, did not continue the journey with the latter on Sunday night. Mr. Hammond remained over and has been in consultation with his chief consulting engineer, A. Chester Beatty, of Denver; Leonard D. Curtis, of Colorado Springs; A. E. Titcomb, of Leadville; and J. M. Stanton, of New London, Conn., mining engineers, connected with the Hammond staff, who have been conducting an examination of the mine at the American Smelting & Refining company's mines in Tintic and Bingham.

The gentlemen were working in Bingham last week; and it was their purpose to return to meet their chief in this city, where he could talk matters over with them. Notwithstanding the denial, by Daniel Guggenheim, published in a contemporary to the effect that the Hammond experts do not represent the Guggenheims, it is a pretty safe guess that the latter are perfectly familiar with the objects of the investigation which has been in progress for a number of weeks past.

While everyone is sworn to secrecy at this stage there are good grounds to believe that the American Smelting & Refining company is responsible for the investigation. There is no denying the fact that the American desires the Centennial-Eureka. Further more, it needs the ore from that big bonanza just as much as the Bingham Consolidated needs the product of the Eagle & Blue Bell.

Mr. Hammond and members of his staff were in consultation yesterday with the smelting department of the United States company, and were closeted several hours with officials.

In view of the recent announcement made by the executive officers of the American that \$50,000 had been set aside to be used in enlarging its copper smelting facilities in this state, it would not be unreasonable to presume that a deal is pending which, if consummated, would mean the absorption of the United States company at Bingham Junction, thus adding to the equipment of the American the copper furnaces in use there and with the mines in question.

The finishing touches are being put on the Keith-Kearns mill at Park city and the plant will be ready for commission in about two weeks.

The ore and bullion settlements yesterday were reported as follows: Crude ore and concentrates, \$25,000; base bullion, \$24,600; gold bars, \$1,500. Total, \$51,100.

H. L. J. Warren has written to friends in this city that he is now permanently located at Roswell, New Mexico, where he has engaged in the land investment business.

George Gunn, the local field man of the American Smelting & Refining company, has returned from Ohio, where he was summoned recently on account of the death of his mother.

President C. M. MacNeill, general manager of C. M. Jackling, Secretary Spencer Penrose and Director C. L. Tuttle, of the Utah Copper company, are scheduled to arrive from Colorado tomorrow.

Upon retiring from the position of secretary of the Silver King Mining company last Saturday, W. G. Lamb was the recipient of a check for \$500, as a token of the esteem in which he was held by the officers of the company. John M. Main, formerly chief clerk, was promoted to the position vacated by Mr. Lamb.

The old Winnemucca concentrator property at Bingham has been leased by the new owners of the Columbia copper mine and the building is to be equipped with all the latest improved machinery and the expectations are that the remodelled plant will be ready for commission by the end of the year. The acquisition of the Winnemucca will probably do away with the necessity of building an entirely new plant in the near future.

THE AQUARIUS  
FOREST RESERVE.

Territory in Wayne and Pinte Counties Set Apart as a Public Reservation.

## PRESIDENT'S PROCLAMATION.

Register and Receiver of United States Land Office Receives Copy from Washington this Morning.

The register and receiver of the United States Land Office this morning received a copy of a proclamation issued by President Roosevelt setting apart portions of Garfield and Wayne counties for a reserve to be known as the Aquarius forest reserve.

The new reserve takes in a portion of the two counties named including the headwaters of the Escalante and Fremont rivers extending south of Loa, the county seat of Wayne and southwest of Junction, the county seat of Pinte.

The proclamation in full follows: Whereas, it is provided by section 24 of the act of Congress, approved March 3, 1891, entitled, "An act to repeal timber culture laws, and for other purposes," that the president of the United States may, from time to time, set apart and reserve, in any state or territory having public land bearing forests, in any part of the public land wholly or in part covered by timber or undergrowth, whether of commercial value or not, as public forest reservations, and the president shall, by public proclamation, declare the establishment of such reservations and the limits thereof;

And whereas, the public lands in the State of Utah, within the limits hereinafter described, are in part covered by timber, and it appears that the public good would be promoted by setting apart and reserving said lands as a public reservation;

Now, therefore, I, Theodore Roosevelt, president of the United States, by virtue of the power in me vested by the Constitution and the act of Congress, do hereby make known and proclaim that there are hereby reserved from entry or settlement and set apart as a public reservation all those certain tracts, pieces or parcels of land lying and being situated in the State of Utah and within the boundaries particularly described as follows, to-wit:

Beginning at the southwest corner of section fifteen (15), township twenty-nine (29) south, range three (3) east, Salt Lake meridian, Utah; thence easterly along the section lines to the northeast corner of section twenty (20), township twenty-nine (29) south, range three (3) east; thence southerly to the southeast corner of said section; thence easterly to the northeast corner of section twenty-eight (28), said township; thence southerly to the southeast corner of said section; thence easterly to the northeast corner of section fifteen (15), said township; thence southerly to the southeast corner of section nine (9), said township; thence easterly to the northeast corner of section eleven (11), said township; thence southerly to the southeast corner of section three (3), said township; thence easterly to the northeast corner of section twenty-one (21), said township; thence southerly to the southeast corner of section thirteen (13), said township; thence easterly to the northeast corner of section five (5), said township; thence southerly to the southeast corner of section one (1), said township; thence easterly to the northeast corner of section twenty-three (23), said township; thence southerly to the southeast corner of section fifteen (15), said township; thence easterly to the northeast corner of section seven (7), said township; thence southerly to the southeast corner of section one (1), said township; thence easterly to the northeast corner of section twenty-five (25), said township; thence southerly to the southeast corner of section seventeen (17), said township; thence easterly to the northeast corner of section nine (9), said township; thence southerly to the southeast corner of section one (1), said township; thence easterly to the northeast corner of section twenty-seven (27), said township; thence southerly to the southeast corner of section nineteen (19), said township; thence easterly to the northeast corner of section eleven (11), said township; thence southerly to the southeast corner of section three (3), said township; thence easterly to the northeast corner of section twenty-nine (29), said township; thence southerly to the southeast corner of section twenty-one (21), said township; thence easterly to the northeast corner of section thirteen (13), said township; thence southerly to the southeast corner of section five (5), said township;
